

Travel Insurance

Comprehensive travel insurance is an essential part of your travel security. Travel and General Insurance Services provide a complete tailor-made insurance scheme for all your travel essentials at a great price. They offer either single trip or annual multi- trip policies. This gives you protection against unforeseen circumstances that could otherwise spoil your trip. Remember to ask for separate cover for riding, diving or ballooning etc

If you are interested in purchasing cover or going through the policy details, please call Tagis directly on 0845 408 0583, quoting African Safari Roots reference 155205.
